

Street Legal Stainless Steel Braided Brake Hoses

D.O.T. COMPLIANT

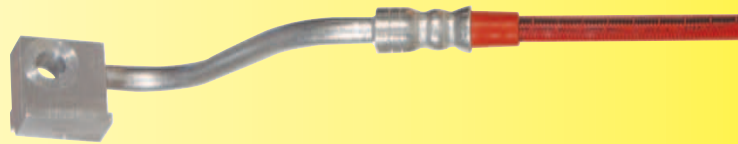

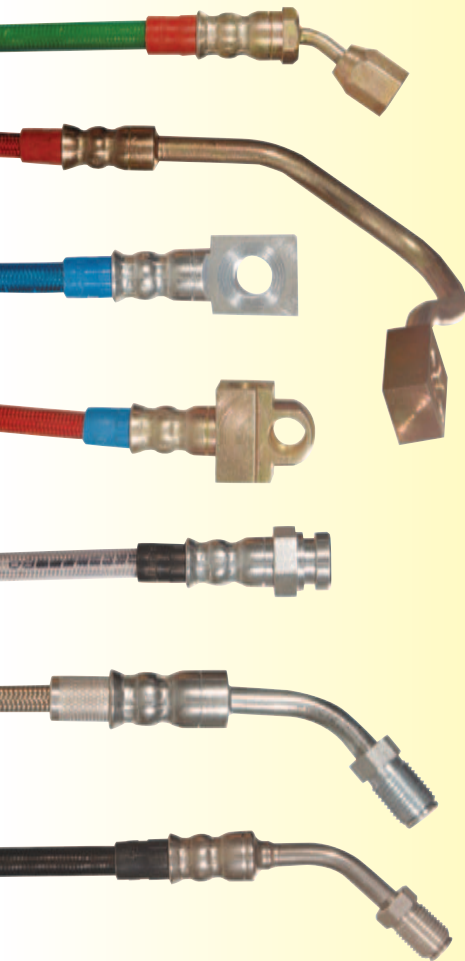

The winning combination of quality, performance & convenience

Check Out These Unique Features

- Each fitting copies OEM design, which makes the hose fit the application correctly and legally.
- Over 500 different fittings to choose from.
- If your fitting is not available, your old fitting is reusable.
- Custom color combinations to suit your custom needs.
- Fitting joint support feature allows hose to last substantially longer.
- Materials used allow high temperature operation.
- Every hose pressure tested to 3000 p.s.i.
- No adapters necessary, thus avoiding another opportunity for leakage.
- Independent (USA) DOT compliance test results available upon request.
- Braided brake hoses can be custom-made same day.

The Ultimate in Style & Performance

Experience the Benefits of Stainless Steel Braided Brake Hoses

- Reduces braking distance during a panic stop.
- Eliminates pedal sponginess under heavy braking.
- Gives immediate brake pedal response.
- Provides compatibility with all brake fluids.
